

## Ayer's Cherry Pectoral

It is a carefully prepared, accurately compounded medicine for all diseases of the throat and lungs. It contains strong and active ingredients, such as are extensively prescribed by the medical profession. It is the oldest, strongest, and best medicine for coughs and colds you can possibly buy.

Accept no cheap and worthless substitute. Be sure you get Ayer's Cherry Pectoral. It contains no narcotic or poison of any kind.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

## YOU GET

Just what you pay for, generally. If a paint is cheap, you can depend upon it that the quality is cheap.

But it sells for only 10¢ less than a good paint. That's because a man always puts price first, and service next. Isn't that true? It really is worth just about half what

## Pure Prepared Paint

is, because it lasts only half so long, and looks only half so well.

## CHRIST AND KOREA.

This is the fascinating subject upon which Bishop Moore will speak this evening at 7:30 in Central Union chapel. The subject is watched by the fascination of the speaker who has the rare power of telling what he knows so as to fire the heart as well as thrill the attention of his auditors. Bishop Moore has his facts at first hand, having spent much time in the Hermit Nation. No more wondrous chapter in Christian history was ever written than is being now enacted in that poor despised Asian peninsula. Everybody is invited to come and hear the bishop tell the story. It will be a rare treat.

# SPORTS

## KAMEHAMEHAS WIN AT SOCKER

GAME PLAYED YESTERDAY AGAINST HIGH SCHOOL WITH SCORE OF ONE TO NOTHING.

Kamehameha field was the scene yesterday afternoon of a rather interesting game of soccer between the teams of Kamehameha and the High School, the Kams winning by the score of 1-0.

Neither team played as well as they have done before this season the Kams scoring their single goal in the second half. Rice, H. Chillingworth and Monwaral played the best game for the Highs, while Dwight, McKenzie and Kamipoh took the honors for the Kams.

The following is the line up of both teams and the standing of the teams in the league.

Kams—Goal, W. Punoi; backs, Whiting, Bai; halves, Kalimapehu, Loti, Kahanamoku; forwards, McKenzie, Smythe, Murray, Kamalopili, Alana.

High School—Goal, E. Andrews; backs, Gilliland, Hughes; halves, Turner, Davis, H. Chillingworth; forwards, Monwaral, Dwight V. Marcellino, Slag Hung, W. Rice.

Fred Bailey referee.

	Goals	P. W. L. For Against
Punahou.....	2 2 0 4 1	
Kams.....	3 2 1 4 2	
High Schools...	3 0 3 0 5	

## SPORT NOTES

It is almost certain that Alex McClaren, the golf professional, will continue at the Country Club.

The soccer teams of the High School and Aliolani College will play this afternoon weather permitting on the College grounds at Kaimuki, commencing at 3:15.

It is possible that the 229 yard course at the Boys' Field will be widened before the championship meet which will be held on March 21.

The Boys Club are willing to do the work necessary, and E. B. Blanchard has been asked to superintend the matter. The track will be greatly improved if the work is done, as it is impossible to get more than six men abreast in the present condition.

The annual meeting of the Honolulu Golf Club held last night in the Scottish Thistle Club rooms was attended by a large and enthusiastic crowd of golfers. The following officers were elected for the ensuing year: Captain, Frank Halstead; vice captain, M. R. Jamieson; secretary, D. W. Anderson; treasurer, H. H. Walker; committee, above officers, J. D. Gaines, J. D. McInerney and E. O. White.

Secretary D. W. Anderson read an interesting report of the work done by the club in the last year, which will go down as the most successful one in the club's existence.

At the meeting of the Diamond Head Athletic Club held last night in Odd Fellows Hall, it was definitely decided to enter a track team to take part in the Inter-Island Championships which will be held on March 21.

The matter of rowing was taken up at length, but nothing definite was decided beyond appointing a committee to look into the cost of a boat, and authorizing the entertainment committee to arrange for a benefit if it was finally decided to enter a boat.

Relative to rowing, committees were appointed to communicate with the regatta committees of both the Healanis and the Myrtle clubs to find out if they would be allowed to enter the R wine Association if they should decide to enter that branch of sport.

If the club are allowed to enter a crew, it is almost certain that a benefit will be given at the Opera House June 11 for the purpose of raising money to build a shell.

After the business part of the meeting was over, music and song was in order until a late hour.

**CHOLERA IN THE PHILIPPINES.** WASHINGTON, Jan. 16.—Uneasiness was caused at the War Department today by the receipt of a report by cable from army headquarters at Manila that Asiatic cholera had made its appearance on the island of Mindanao. According to the report one soldier had died from this disease.

## COMMITTEES ON THE PARADE

INDICATIONS THAT THE SHOW THIS YEAR WILL BE THE BEST YET HELD.

An interesting meeting of the heads of the different committees who will have charge of this year's floral parade on Washington's Birthday was held yesterday afternoon at the office of A. Gartley, and the prospects point to the most successful one ever held, the only thing standing in the way now to make it a great success, is the use of the league base ball grounds for the judging of the winners and the distributing of the prizes.

The prevailing opinion among the members being that if the use of the grounds are refused, the parade will probably be a fizzle.

The committees decided yesterday to ask Mrs. Frear to distribute the prizes, and to ask Queen Lilikalanani to be the guest of honor. Harry von Holt has been asked to officiate as marshal while Charles F. Chillingworth who acted as marshal last year will be asked to act as assistant this year.

As there is only a short time remaining before the day of the parade, anyone wishing to communicate with any of the committee heads are requested to do so by telephone as the different members of the committees will be unable to go and see people individually as they would like to. The following is the list of the committees and their telephone numbers.

Automobile section—George R. Carter, Judd building, telephone 630.

Carriage section—A. J. Campbell, Treasurer's Office, Executive building, telephone 718.

Pa-u section—Judge Andrade, county offices, telephone 123.

Riders other than pa-u—W. A. Greenwell, postoffice box 349.

National section—S. M. Ballou, Judiciary buildings, telephone 718; inquire from clerk Supreme Court.

School section—A. F. Griffiths, Punahou College, telephone 579.

Island princesses—Gerrit P. Wilder, telephone 13.

Chairman of committee—A. Gartley, Hawaiian Electric Co. office, telephone 390.

.....Rappey  
(a) "You Splash Me and I Splash you".....Solman  
(b) "She was a Grand Old Lady".....  
.....Henry  
"Star Spangled Banner."

## OAHU FORTIFICATIONS.

The war department has not been informed as yet of the reported withholding of the contract for the construction of the fortifications in Hawaii for the alleged reason that Japanese were really the lowest bidders. Investigation here shows that only a limited amount of fortification work is now in progress there, and the officials see no reason why any line should be drawn on account of the nationality of those who are to do this work, the principal work now in hand in Hawaii consists in the construction of two sets of mortar batteries for which congress has specifically appropriated \$300,000. One of these batteries, is located at the Diamond Head, the great promontory commanding the entrance to Pearl Harbor. In addition to these large works there are some rifle gun emplacement near quarantine island and along the water front of Honolulu. This year's estimates contemplate the expenditure of \$1,110,000 to perfect the fortifications of the Sandwich Islands, and for that amount it is said an impregnable naval base can be secured on the island of Oahu—Parkerburg Dispatch News.

## DIED!

**HUSSEY**—In Honolulu, February 4, 1936, Mary A. Hussey, the wife of Albert Alexander Hussey, a native of Hawaii, aged 21 years. Funeral at two o'clock this afternoon from 1155 Kamehameha IV road.

There is in Berlin an artist who is going to marry a widow with \$50,000. This is excellent. Now let some delightful heiress add to the gaiety by bestowing her hand and fortune upon some struggling poet.—Chicago Record-Herald.

## EWA PLANTATION MAKES THE TEST

INCOME TAX LEGAL POINT TO BE TAKEN TO WASHINGTON IN ONE CASE.

Attorney General Hemenway stated yesterday that all but two of the income tax cases in the Supreme Court had been settled, and these probably will be at the next session of the court. Mr. Hemenway does not believe that there is much danger of the Territory's losing much of the \$30,000 odd, which the decision of the Supreme court in the matter of the income tax appeals of the various plantations, is the amount on about a million and a half dollars additional assessment. It was stated several days ago that the taxes would be paid by all of the companies under protest, pending appeals to the United States Supreme Court, but the Attorney General states that if this is done, appeals will have to be made within ninety days which he does not think will be done in any except the Ewa Plantation case, which has been made the test of all the other cases. This one case will be carried up, but the amounts involved would not warrant the expense of doing the same in the others.

If this is the case, the Territory for the current year will be ahead some \$25,000, regardless of what the United States Supreme Court may decide. Should this court, however, decide in favor of the planters, this source of revenue will be cut off in the future.

## SUBMARINES ON A STORMY TRIP

THE BOATS SAIL FROM NEWPORT TO NEW YORK IN GOOD TIME.

NEW YORK, January 23.—The trip of the submarine torpedo boats Taramula, Viper and Cuttlefish from Newport, R. I. to the New York Navy Yard is causing much interest and comment in naval circles. The trip was made in seventeen and one-half hours, although much of it was through rough and heavy seas and in the teeth of a very stiff breeze.

This is the first time that boats of their class have made such a trip under their own power. The boats will go into drydock, and after scraping and repainting they will go to Newport News, said to be the longest trip ever made by submarines. There they will undergo a number of tests. The three boats are 83 feet long and have a beam of 18 feet, and are fitted with 250-horse-power six-cylinder gasoline engines. They were launched October 24th.

## THE PECULIAR MOTION

of railway cars cause many to suffer from dizziness, sick stomach and headache—car sickness. This very annoying trouble is always cured by taking Dr. Miles' Anti-Pain Pills, the "Little Comforters." They relieve the pain, and soothe the nerves so that all unpleasant sensations disappear like magic. First package benefits, or money back.

## JAPAN'S EMISSARY DROPS FROM VIEW

WHEREABOUTS AND CHARACTER OF D. W. STEVENS' MISSION IN VEIL OF MYSTERY.

SAN FRANCISCO, Jan. 23.—Where is D. W. Stevens and what is he doing in the United States?

That compound question is considerably worrying some of the local men who are casting wise eyes in the direction of Japan.

D. W. Stevens is the confidential agent of Japan. He bears to the Mikado something like the old relation that the King's Messenger bore to the Kings of England. And he's somewhere in this favored land and doing something.

He didn't come through San Francisco, though the local customs officials were warned of his coming on the Mongolia and were instructed to extend him every courtesy.

They looked for him on the steamer. He was not there. In time they managed to ascertain that he had quietly dropped in by way of British Columbia and Canada while he was expected in San Francisco.

"He moves in a mysterious way, his wonders to perform," quoted a pious official of Uncle Sam's big collection agency.

Stevens is, or was, an American. He was in the American embassy in Tokio many years ago. From that position he entered the service of Japan and has held the most delicate posts ever since. He was in Washington with Takahira and may be paving that

## UNION DECLARED TO BE A TRUST

DISSOLUTION OF GLASS WORKERS OF OHIO IS ORDERED BY THE COURT.

CLEVELAND, (O.), January 23.—Judge Phillips, in deciding the case against the Amalgamated Glass Workers' Union, today said that the organization was in restraint of trade and ordered its dissolution on the ground of public policy.

The Judge held that the contract of amalgamation of the four trades—cutters, fitters, blowers and gatherers—was illegal, and granted the petition of the cutters and fitters a minority who asked for the dissolution and a division of the funds in the treasury of the union, \$119,000. The petitioner claimed that they were being discriminated against by the blowers and gatherers who are allied with the amalgamated organization.

He was in charge of Japanese affairs in Korea during and just after the war between Russia and Japan. He has just been fighting the American government on the mining claims of Colbran and Bostwick.

And now this confidential agent is somewhere in the United States, evidently on a mission of the first importance and clothing his movements with a mantle of secrecy.
